

## FEES 2008

The Committee of City of Sunderland ASC met (7/4/08) and reviewed fees for 2008, this would normally have taken place in January however with the move to the Sunderland Aquatic Centre on the horizon the decision was made to hold until the finances were agreed with the SAC.

The following fees are inclusive of land training (except where stated) – but only that which is provided by the Club – not full use of facilities at the Aquatic Centre.

All swimmers are required to be members of City of Sunderland ASC – if you haven't completed your annual membership form it is now well overdue.
